

WE ARE SONNs

SAVING OUR NEEDLE NOSES

Our Goal

SONNs was created to bring together supporters, groups and rescues who are interested in working together to share information about Sighthounds and the joys of ownership

Our Why

We want to help link transports, offer support to adopters, make breed needs and idiosyncrasies easier to navigate for new and potential adopters, and much more. Join us as we extend our passion to make a difference, one needle nose at a time.

Our Support

We understand how expensive transports and rescue can be. Since we do not directly rehome any Needle Noses, our donations will go directly to the groups to help offset these costs and thus make adoptions more accessible for more adopters.

Our Event

Join us every year for our multi-day fundraising paw-ty. The Skinny Dog Soiree (SkiDS) is full of auctions, games and celebrating all things Needle Nose! Our event is for everyone who loves Needle Noses, whether you are owned by one or not! More information can be found at: www.sonns.org/skids
